## LEVELS OF EVALUATION

---

**Level 1:** Single county evaluation (minimal knowledge, resources, and effort required).

Separate training evaluation forms are available for providers/staff, family members, policy/decision-makers and Extension staff.

1. Participant Sign-In Sheets
2. Scannable Cover Sheet to record course title, date, location, hours
3. Scannable End of Course Evaluations
4. Summary Sheets for Recording Basic Outcomes for Objectives 2, 4.

**Level 2:** Single County evaluation (minimal knowledge; some resources and effort required).

All instruments included in Level 1, plus:

1. Participant Enrollment Form
2. Individual Provider/Staff Training Record (software provided)
3. Post-Pre or Post-Pre-Post Perceived Knowledge, Skill, & Behavior Change
4. Summary Sheets for Recording Advanced Outcomes for Objectives 2, 4

**Level 3:** Multi-site data collection within a state using common evaluation instruments, (some knowledge, resources and effort required).

All instruments included in Levels 1-2, plus:

1. Pre-Post Actual Attitude, Knowledge, Skill Change
2. Observational Measures for Determining Behavior Change
3. Instructions for aggregating, analyzing, and interpreting data across sites.
4. Summary Sheets for Recording Advanced Outcomes for Objectives 1-4.

**Level 4:** Multi-state program monitoring and outcome evaluations using common evaluation instruments (basic knowledge of research/evaluation methodology and data analysis techniques; substantial funding and effort required).

All instruments included in Levels 1-3, plus:

1. Technical assistance provided to multi-state groups on sampling, measurement, research design and obtaining external funding.

**Level 5:** Multi-state impact and efficiency/cost-benefit evaluation research studies using common evaluation instruments and advanced research designs (advanced knowledge of research/evaluation methodology and data analysis techniques; substantial funding and effort required).

All instruments included in Levels 1-3, plus:

1. Technical assistance provided to multi-state groups on sampling, measurement, research design and obtaining external funding.
